   Topic: Challenges of data collection and disaggregation: The case of developing countries

   b. **Mr. Driat Elshani,** Kosovo Open Data Initiative
   Topic: Open data: The case of Kosovo.

   c. **Mr. Omar Siedu** (SDG Coordinator) Ghana Statistical Service (Remote Presentation)
   Topic: SDG's data road maps: The case of Ghana

PART 2	**50 minutes**

Moderator: Mr. Andre Laperriere (CEO, Global Open Data for Agriculture and Nutrition (GODAN)

Remote Moderator: Miss. Hfaiedh Ines, Tunisia

Lightening session

Speakers will be invited to make 3-minute comments, followed by questions from the online and in situ participants. The goal is to have seven speakers, with then Eight - Ten minutes for responses to questions, to speed the engagement with participants and remote participants, a unique approach will be used to gather questions in writing /text from both in the room and remote

participants, to speed the ability to address questions. The questions will be grouped, and read out for the speakers to offer 1-minute responses to each of the questions, but rotating across the speakers.

Speakers

a. **Mr. Miguel Luengo Oroz,** Chief Data Scientist, UN Global Pulse
b. **Dr. Claire Melamed**, Executive Director, Global Partnership for sustainable Development Data (GPSD)
c. **Moctar Yedaly,** Chief ISD, African Union (AU)
d. **H.E Eng. Hossam El Gamal**, Government of Egypt
e. **Miss Tania ZAROUBI,** Office of the Minister of State Administration Reforms, Lebanon
f. **Mr. Tomi Ayorinde,** Mobile Forms Africa, Ghana / Nigeria
g. **Mr. Adrian Lovett,** President and CEO, World Wide Web Foundation

PART 3   50 minutes

CO Moderator: Mr. Andre Laperriere (CEO GODAN)
Remote Moderator: Miss. Hfaiedh Ines

Possible breakouts into solutions discussions segment: 50 minutes. If the space allows, small groups will be moved to in the room, in corners of the space available, with assigned experts and rapporteurs per session, follo`wing the format used during the WSIS Forum's use of "café" events, which has been quite successful, when properly supported by coordinators, and rapporteurs. Provision for remote participants to submit text messages to an assigned participant in each small group]

Five Breakout discussion topics

Breakout 1: Addressing data gaps and financing
Breakout 2: Encouraging data use and Innovation
Breakout 3: Strengthening the Data Ecosystem
Breakout 4: Improving Systems
Breakout 5: Policy and the enabling environment

PART 4   **15 minutes**

CO Moderator: Mr. Andre Laperriere (CEO GODAN)
Remote Moderator: Miss. Hfaiedh Ines

Read out from the small groups 3 minutes per small group with concrete recommendations/assuming five breakout segments.

PART 5   **20 minutes**

Final Conclusion and wrap-up

The moderators and the organizers and assigned rapporteurs will cooperate on the "conclusions and any output statements".

Note: While this appears not to have defined segments for specific participation or Q and A that is actually built into all of the segments.
