

THE ONLY TRUE TLD IS THE INDIVIDUAL

Garth Graham, February 29/08

Stakeholders are social change agents based in self-organized communities of practice and interest

Networks missions defined by:

People-centric distributed governance

WSIS/IGF

MAYBE ALAC?

Stakeholder growth and change

ICANN/IETF

MAYBE GAID BUT A POLICY VACUUM

Netcentric decentralized governance

Internet Governance issues ICT4D issues

Now community-based, specifically in a normative and technical "Internet community"

The use of the Internet for development defined by:
