1 By its Decision 5, the Plenipotentiary Conference (Guadalajara, 2010) set the amount of the contributory unit at CHF 318 000 for the period 2012-2015.

2 Pursuant to the decisions taken at the fifth plenary meeting of the above-mentioned conference, each Member State was invited to announce its choice of class of contribution by Wednesday, 13 October 2010 at 2359 hours. Member States that had failed to notify the Secretary-General of their decision by that date retained the class of contribution they had chosen previously.

3 In a communication dated 10 November 2010, the Secretary-General informed the Sector Members of the definitive upper limit of the amount of the contributory unit and invited them to notify, by 23 January 2011, their choice of class of contribution for the period 1 January 2012 to 31 December 2015. Sector Members that had failed to notify the Secretary-General of their decision by that date retained the class of contribution they had chosen previously.

4 Annexes A and B contain comparative tables of the classes of contribution chosen by the Member States and Sector Members at the time of the Plenipotentiary Conference (Antalya, 2006) and the Plenipotentiary Conference (Guadalajara, 2010).

5 The number of contributory units has changed as follows:
